

English  
for Kids

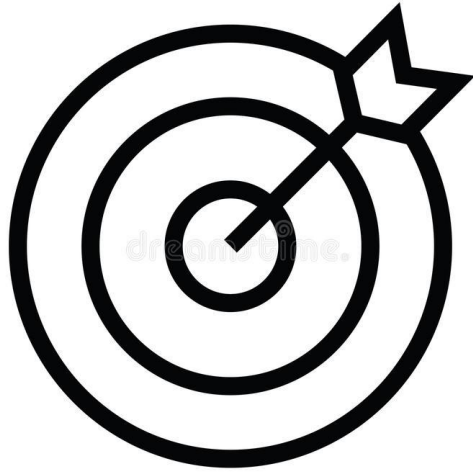

**English  
for Kids**

1. To immerse campers in English to practice listening and speaking English (very little reading and writing.)

**English  
for Kids**

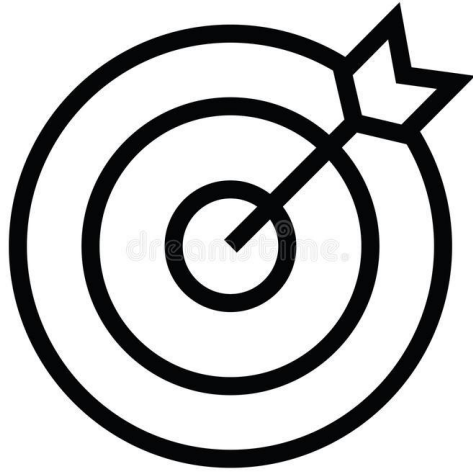

To communicate to the children that there is a God, that He speaks through the Bible, and basic facts such as that God made the world, that Jesus is God's Son, that He is the way to know God.

To let them know that we believe this!

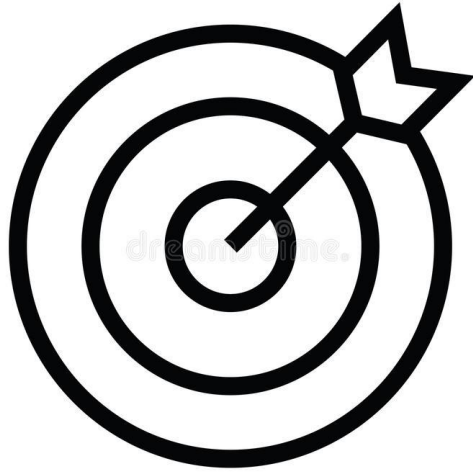

They will probably be able to learn a few Bible verses in English with understanding, and 4-6 songs in English with understanding of the basic meaning.

**English  
for Kids**

3. To communicate to the families that there is a local church in Quebec that knows and believes God and that they can come there to learn more.

4. Be a bridge between the local church and the community.  
We are just a bridge.

## BORDER ID INFO FOR US CITIZENS

1. Age 16 and Over need either a Passport, Passport Card or an ENHANCED DRIVER'S LISENCE [VT, NY, MI, MN & WA residents only]

The sad truth: different states offer various types of IDs.

- There is a difference between state issued ID forms depending on what state you live in. See this website [REAL ID | Homeland Security](#) for each state explanation. Some states use similar language that can be confusing, so consult with Olivia if you have questions. Only VT, NY, MI, MN and WA issue a combination drivers' 'license Real ID/enhanced card that is good for USA/CA land border crossings. This is not true of other states. [updated 2026]
- ID needed to cross the US/Canada border is NOT the same as the Real Id requirement for boarding domestic air flights. Feel free to ask questions of me! This can be confusing because some states use the same terms for different meanings!!
- New suggestion from a Border Guard: A Passport Card only costs \$30 and can be used for land crossings between CA and USA. Using a Passport Card will protect your valuable US Passport from loss or theft. Consider applying for a passport card instead of a passport, or in addition.
- link for applying for passport or passport card is [HERE](#)

2. Age 15 or below at time of travel need one of the below:

- REAL [embossed] Birth Certificate OR
- "EDL" non-driver ID if you live in VT, NY, MI, MN or WA
- Military ID - for dependents of US Military

3. ADDITIONAL REQUIREMENT:

### 3. ADDITIONAL REQUIREMENT:

### Optional Orientation for New Team Members:

- E4K History of our years in St Georges de Beauve, Quebec see the bottom of this page [HERE](#)

☐ Quebec City: this year we will plan to spend the final Saturday in Quebec City. Your food and purchases there are your own expense. Gas for this trip is included in the reimbursement for the team, however.

☐ If you use a debit or credit card in Canada, make sure that you have put a travel notification with the bank issuing the card.

☐ Olivia will bring some Canadian cash. I can exchange \$20 US for \$20 Canadian during the week. You do not have to get Canadian cash out in advance. However, debit and credit cards are widely accepted and easy to use there.

☐ All team related purchases will be handed in to Olivia.

☐ In past years, we have not finalized all the expenses until a few weeks after the program.

☐ Please be open to any updates on money directions.

☐

## EXPENSES:

- ☐ Drivers: You must save your gas receipts. You will be reimbursed after the program. Submit them to Olivia during or after the program and we will reimburse your gas costs from point of origin.
- ☐ Anyone who buys supplies for the classes or activities needs to save a receipt. It's easy to take a picture of it, then it can't be lost! Please ok any large purchases with Olivia in advance.
- ☐ All your food and activities will be paid for by the English team once you reach St Georges. You should plan to buy or bring a sack lunch for the traveling to and from the church. We will go out for ice cream once during the week, but you really should not need any other spending money.

Cell Phones: A youth camp is a time to "unplug" -- to be present with those around you, and it is not helpful to try to stay in contact with others who are not attending.

Proverbs 1:5 "Let the wise listen and add to their learning, and let the discerning get guidance."

## PICTURES DURING CAMP

We would like to ask Joyce to take pictures officially during the week for the days where there are no cell phones allowed.

We will find an easy way to share her pictures w our staff powerpoint person for the camper and staff slide show. I do want you to take pictures of staff events and one picture day, our day in Quebec. But I don't want you to be on your phones at night in your dorm.

## CELL PHONES and Campers

No cell phones for campers on the camp site. We will take them to Mario's office if we find some. They can call or text their parents with supervision.

Cell phone are not going to be allowed for staff during day camp, except for adults in charge.

There will be a camp picture day, however where staff will have their cell phones to take pictures for the slide show

#1 Pornography is a problem – illegal, damaging to the one sending and receiving, can be arrested for underage sharing.

Problem #2: inside jokes, making fun of others with apps. So no campers will use phones at all, except for with permission and supervision of the staff.

Problem #3: I know some godly parents who have instructed their teens to never look at a screen of another peer without their permission. So let's not put these teens in a difficult position.

Problem #4: We get dependent on cell phones apps to have fun, even in the staff or dorm rooms. Practice TALKING, it's fun!

Problem #5: staying up at night scrolling, watching movies, so you don't get enough sleep

Who has suggestions for guidelines for staff during off hours?

Two individuals have had problems entering CA for this very mistake. It is a huge headache and hours of work to clear up, and may cause suspicion to fall on our host church. So avoid troubles, tell the truth, and sail through as the tourist that you truly are. Pastor Westerveld has personally interviewed with Canadian immigration authorities about our activities and they are perfectly legal. However, the decision lays on the individual border guard that is examining you at the moment. So DON'T say the things above or you may open up many problems for your group.

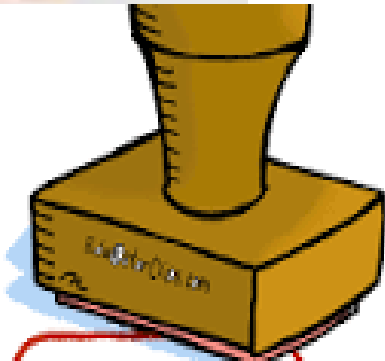

We will have a letter of invitation from our hosts that seems to reassure the border officials, one for each car.

3. **Return Crossing in USA:** Your documents proving US citizenship will be scrutinized. It is important to have documents out to cross back into the U.S. During the VBS week, Olivia can hold all documents for minors in a safe place so they will not be lost. On the return trip each car will receive their own documents back; please do not switch cars until after the border crossing
