Everyone needs:

- Use the packing list on the team website; minimize packing to an airplane overhead bin sized suitcase, water bottle with your name on it, pillow, plus a purse or bag that you keep with you in the car.
- Bedding according to the list on the team page; most people need none.
- Send your financial contribution unless your church does that for you [see Money Details on the website]
- Save any receipts as directed on the Money details link. You can bring them to give to Olivia or photo and email them.
- Any special items you are named to bring **on the TEAM WEBSITE List of Stuff page** for your assigned job. Check the list at the last minute!

DOCUMENTS TO BRING WITH YOU

- **Medical Release and Insurance form** -give to your group leader before departure

- Check the **Schedule for travel/loading Plan B document** for your instructions.
- Your **medical insurance card or proof of travel insurance**.
- US drivers need to have the **letter of introduction from St. Georges church** and all relevant Border Id in one envelope in your car before leaving. Olivia is bringing all the letters to Lyndonville to give out.
- If you have a cell phone, do a power cycle after you cross into CA air coverage or you may not get calls and texts correctly. The settings on your phone also govern whether you get text/calls when roaming so you should check those.
